

## 2022 COVID-19 Response Plan

### **I. Communication**

#### **A. Parents/Guardians**

- Camp Lakeside COVID-19 precautions and procedures will be updated in this document and made available to all Primary Contacts prior to the start of camp.
- Primary contacts will be informed about known contact their child(ren) may have had with someone who has a confirmed case of COVID-19.
- Primary Contact will be notified if their child(ren) is experiencing any symptoms at camp.

#### **B. Campers**

- Trainings, demonstrations, & skits in camp opening ceremony on behaviors and precautions campers should abide by to prevent the spread of COVID-19, will include:
  - How and when to effectively wash and sanitize hands
  - How to practice physical distancing in various settings (lunch, rotations, pick up, etc.)
  - Which symptoms to look out for, when to report them, and to whom
  - When to stay home
  - Coughing/sneezing etiquette
  - Keeping hands away from face
- Relevant posters and signage from the CDC and/or other health agencies will be posted in appropriate areas to encourage behaviors that mitigate the spread of disease.

### **II. COVID Screening Procedures**

#### **A. Initial Screening**

- Families and staff are required to monitor and report:
  - fever above 100.4 or
  - two or more COVID-19 symptoms (listed on questionnaire)
  - exposure to COVID
  - positive COVID-19 test results

These should be reported to administrative staff by calling 219-464-0242 or e-mailing

[camplakeside@oppent.org](mailto:camplakeside@oppent.org).

- If camper/staff is experiencing any of the above bullet points, they should not attend camp.
- B. Drop off & Pick up
- Campers must bring completed COVID-19 assessment questionnaire daily at drop-off.
  - No adults will be allowed out of their cars at drop off or pick up. Campers will be signed in and out by staff.
  - Campers must wash or sanitize their hands upon arrival at camp and at pick up prior to leaving camp.
- C. Ongoing Screening
- Staff will regularly observe campers & themselves for any COVID-19 symptoms
  - Staff will report any perceived symptoms to the camp administrative team.

### III. Preventing Spread

A. Hand Hygiene

- Staff and campers will have access to handwashing and sanitizing stations at all times and good hygiene will be reinforced regularly throughout the schedule, including, but not limited to; eating, using the restroom, in between activities.

B. Physical Distancing

- Campers will be assigned to a group or “crew” for the week following the cohort strategy and avoiding intermingling of groups.
- All camp programming will be planned to promote safe practices.
- Physical distancing amongst group members will be encouraged during activities.
- Efforts to maintain physical distancing will not impact existing camp safety protocols (e.g., first aid, CPR, one-on-one interaction between staff and campers, etc.).

C. Face masks

- It is recommended that while indoors campers and staff wear facial coverings when 6ft of distance between people cannot be maintained.
- If interacting with a client of Opportunity Enterprises (indoors or outdoors), a mask will be required if within a 6 ft of distance of each other.

D. Vaccination

- Camp Lakeside is a division of Opportunity Enterprises, which has a mandatory vaccination policy for all staff. All staff must be fully vaccinated or have an approved exemption on file.

E. Cleaning and Disinfecting

- Groups will be given their own set of disinfecting supplies.
- Equipment shared between groups (ex. bows and arrows) will be cleaned and

Last updated: 2/16/22

sanitized in between uses.

- Cleaning and disinfecting communal spaces, items and frequently touched surfaces will occur at least daily and in between groups.
- A general purpose residential cleaner will be used according to manufacturer's instructions. For disinfection, an approved spray disinfectant will be used.

#### **IV. Symptomatic or Confirmed Case of COVID-19**

##### **A. Symptomatic**

- Any individual experiencing two or more symptoms which also could be symptoms of COVID-19 will be asked to stay home from camp for one day. To return to camp the following day, camper may present a negative rapid COVID-19 test result.
- If camper displays symptoms while at camp, guardians will be contacted and camper will be isolated until they are able to be picked up.
- Camper must be fever free for 24-hours before returning to camp.

##### **B. Positive COVID-19 Test**

- If camper/staff test positive for COVID-19 they cannot return to camp until 5 days after the onset of symptoms.
- Cleaning and disinfection will take place in all areas visited by the individual; all other routine cleaning measures will continue.

##### **C. Exposed to positive camper**

- If your camper is known to have been in contact with someone who tested positive for COVID-19 you will be notified with a written notice sent home with the camper.
- If campers remain symptom free, they may continue attending camp. Campers and Staff within the crew of the index case will have enhanced surveillance for symptoms.

##### **D. Refunds due to COVID-19**

- No refunds will be issued if a camper misses camp due to symptoms, exposure, or positive case of COVID-19.
